

Consultancy and writing projects conducted by Dan Eatherley

Client/Funder	Summary	Keywords	Year(s)
Royal Veterinary College / University of Hertfordshire	Preparing research briefs on solutions for more sustainable beef and sheep production and marketing systems in Great Britain.	Agriculture; sustainability; writing	2023
University of Greenwich	Preparing web content for new Research Centres constituting the Institute for Lifecourse Development, promoting lifelong wellbeing of vulnerable and marginalised people.	Websites; Health; Education; writing	2023
University of Portsmouth	Polishing a grant application bid for a new ESRC centre on sustainable food systems	Health; Food; Academia/Grant-writing	2023
Greenpeace	Advising on the development of plastic packaging reuse metrics	Plastic; reuse; circular economy; packaging	2023
Imperial College London – Centre for Environmental Policy	Advising on improvements to structure and content of the website	Websites; sustainability; environmental; academia;	2023
University of Exeter – GSI	Producing policy briefings on on tipping points for zero emissions solutions.	Climate tipping points; zero emissions aviation; alternative proteins; electric vehicles; renewable energy; green hydrogen	2023
University of Exeter – Business School	Coding interview transcripts for an academic journal article on mechanisms of change towards the circular economy	Circular Economy; Coding	2023
University of Plymouth - Biological and Marine Sciences & National Oceanography Centre, Southampton	NERC Special Highlight Topic proposal – bid-writing	Sustainable coastal defences;	2023
University of Exeter - IIB	Feasibility study for a new United Nations International Centre of Excellence for Sustainable Resource Management to be led by Exeter.	Material security; Minerals	2023
University of Exeter – Business School	Writing a technology exploitation plan for an EU-funded project led by the University of Exeter on using the English Channel’s seawater for sustainable air-conditioning.	Renewable Energy; Circular Economy; Marine	2022 – 2023
European Commission/Bio-based Industries Joint Undertaking (with OH)	Market analysis for EU-funded VAMOS project looking to valorise second-generation sugars from the organic fraction in municipal solid waste	Circular Economy; Waste;	2022 – 2023
Fishtek Marine Ltd	Producing share offer document for an Ocean 14 Capital Finance Equity Raise	Fisheries, Conservation, fund-raising	2022
University of Exeter - Politics	Bid-writing for funding from AHRC (Arts and Humanities Research	Activism; Politics; Environmentalism	2022

	Council) on a project to examine childlessness and eco-activism.		
FEVE - European Container Glass Federation (with OH)	Study on glass packaging in the HoReCa (hotels, restaurants, cafés) channel; interviewing key industry stakeholders across Europe. Informing FEVE's 'Close the Glass Loop' vision to improve collection rates and quality of used glass packaging for recycling.	Food & Drink; Glass Packaging Recycling; HoReCa	2022
University of Exeter Business School – INDEX (Initiative in the Digital Economy at Exeter)	Analysis of survey of projects in the EPSRC-funded DEAS (Digitally enhanced advanced services) Network Plus.	Insurance; Manufacturing; Transport; Finance; Charity; Technology;	2022
CCRI (Countryside and Community Research Institute), University of Gloucestershire	Scoping study on availability of impartial advice for decarbonisation of heating by rural homes and businesses in England.	Renewable Energy Technology; Rural issues	2022
HMRC (with University of Exeter Business School)	Producing White Paper exploring a Digital Tax System for the UK, using Blockchain technology, to automate real-time splitting off of VAT payments from online transactions.	Finance; Technology; Tax	2022
Defra	Research to inform a new extended producer responsibility (EPR) policy for textiles; interviews with policy stakeholders across the UK and Europe.	Textiles; EPR systems	2021 - 2022
WRAP (with Resource Futures)	Research into denim manufacturing for new textile footprint calculator allowing retailers and brands to record environmental impacts.	Textiles	2021 - 2022
University of Plymouth - Marine Institute	Horizon scanning for research priorities in marine.	Marine – multiple disciplines and specialisms	2021 - 2022
Joint Centre for Excellence in Environmental Intelligence (University of Exeter and the Met Office)	Report on a conference Environmental Intelligence	AI	2021
Philips UK (with Exeter Centre for Circular Economy, ECCE)	Research on how Philips products and services can contribute to NHS sustainability and Net Zero objectives.	Health; circular economy; Net Zero	2021
Google (with WRAP)	Supporting Google to cut environmental impact of single-use plastic packaging across global food operations.	Food; Plastic; Carbon footprinting	2020 - 21

University of Exeter – Global Systems Institute	Production of case studies of research conducted by 15 academics with a policy focus.	Academia; Climate models; Flooding; Agriculture; Geo-engineering; renewable energy	2021
Greenpeace	Researching unintended consequences of lightweighting plastic packaging.	Plastic; packaging	2021
University of Exeter - Business School	Bid-writing for new UKRI Food System Call - on sustainable, regional food procurement by health and university sector.	Procurement; Health; Food; Academia/Grant-writing	2021
University of Exeter – Exeter Centre for Circular Economy (ECCE)	Mapping flows of household, commercial and industrial plastic wastes in the SW of England.	Plastic; Circular Economy; WEEE; ELVs; Packaging; Textiles	2021
Imperial College London - Centre for Environmental Policy	Revising Environmental Statement for REF 2021.	Multiple environmental topics	2021
Zero Waste Scotland (with Magenta)	Reviewing the benefits of a place-based approach to accelerating the Circular Economy in Scotland.	Multiple sectors; Circular Economy	2021
Imperial College London - Centre for Environmental Policy	Reviewing impact case studies on biosecurity, food security, climate change policy, air pollution.	Biosecurity, Food Security, Climate Change, Air Pollution	2020 - 2021
University of Exeter - IIB	Improving an Impact Case Study for REF 2021 on Mindfulness-Based Cognitive Therapy.	Psychology	2020
BSI – British Standards Institution	Preparing content for a brochure on food waste policy and thought leadership.	Food; Waste	2020
The Island Initiative	Researching funding sources for NGO projects on sustainable fisheries, ecotourism and agriculture.	Fisheries Ecotourism; Agriculture	2020
University of Exeter – Exeter Centre for Circular Economy (ECCE)	Report on three bioplastics (agar, chitosan, gelatine) and prospects for a regional circular bioeconomy in SW England.	Bio-plastics; Circular Economy	2020
University of Exeter - IIB	Improving an Impact Case Study for REF 2021 on marine microplastics.	Plastic waste; Marine; Toxicology	2020
University of Exeter - IIB	Improving an Impact Case Study for REF 2021 on biofuels research funded by a major international petrochemical company.	Renewable Energy; Biofuels; Biochemistry	2020
University of Exeter - IIB	Improving an Impact Case Study for REF 2021 on the role of vision in training motor skills.	Psychology; Sport; Health; Defence	2020

University of Exeter - IIB	Improving an Impact Case Study for REF 2021 on basking shark research.	Ecology, Conservation	2020
University of Exeter - Business School	Preparing Bid for UKRI Food System Call.	Food & Drink; Academia/Grant-writing	2020
University of Exeter - Business School	Preparing Bid for UKRI-funded Circular Economy Nutrients Centre.	Food & Drink; Academia/Grant-writing	2020
<i>Client Confidential</i>	Drafting and advice on Eurostars bid for funding for an innovative hybrid sensor fire alarm.	ICT/Grant-writing	2020
Zero Waste Scotland (with OH)	Surveying Scottish local authorities' management of post-consumer textiles.	Textiles	2020
EU JRC	Surveying Business Support Organisations and SMEs across Europe to inform improvements to the European Commission's EREK (European Resource Efficiency Knowledge) Platform.	Multiple sectors; Resource Efficiency & Circular Economy	2019 - 2020
Fishtek Marine Ltd	Project Manager (Part-time) for an EU-funded €290k project trialling SharkGuard, a new device for avoiding elasmobranch bycatch in long-line fisheries. Including communications, developing exploitation plan, Steering Committee management, Quarterly project reporting to Innovate-UK monitoring officer.	Fisheries, Conservation, EU/Grant-writing	2019- 2020
University of Exeter - Business School	Developing and trialling a new tool for SMEs to map their circular economy capability maturity.	Food & Drink; Academia	2019 - Present
University of Exeter - Business School	Preparing successful EOI for UKRI Food System Call.	Food & Drink; Academia/Grant-writing	2019
University of Exeter - Business School	Preparing successful EOI for UKRI-funded Circular Economy Nutrients Centre.	Food & Drink; Academia/Grant-writing	2019
University of Exeter - Business School	Preparing successful bid for EPSRC Impact Accelerator Account (IAA) funding to develop and trial a new tool for SMEs to map their circular economy capability maturity.	Food & Drink; Academia	2019
University of Exeter - Business School	Preparing successful bid for EPSRC Impact Accelerator Account (IAA) funding to develop a new roadmap for circular economy in the SW England food sector.	Food & Drink; Academia/Grant-writing	2019
Fishtek Marine Ltd	Writing successful grant application for Innovate UK SMART funding for a £330k project to refine the SharkGuard	Fisheries, Conservation, EU/Grant-writing	2019

	device for avoiding elasmobranch bycatch in long-line fisheries		
Defra (with Resource Futures)	Analysis of responses to consultation on proposed new Extended Producer Responsibility system for waste packaging in the UK.	EPR; Waste; Packaging	2019
University of Exeter - Business School	Senior Research Fellow on an EPSRC-funded research into the adoption of circular economy principles by SMEs in the food and drink manufacturing sector – with a focus on dairy and bakery processing. Various research, marketing, communications and project management tasks. Process mapping. Stakeholder engagement, workshops and presentations. Topics include: renewable energy, biomass, anaerobic digestion, industrial symbiosis. Literature Review. Producing and directing videos of the research project.	Food & Drink; Academia	2016 - 2019
<i>Confidential</i> (with OH)	Report for non-academic audience on how to address the environmental impacts of UK and Global textile supply chain.	Textiles; Waste Management	2019
EU JRC (with OH)	Revision of Best environmental management practices (BEMPs) in food & drink manufacturing; engaging with experts and businesses in coffee, olive oil, soft drinks, beer, meat, fruit juice, cheese and bread, biscuits and cakes production.	Food & Drink (manufacture)	2019
University of Exeter - Business School	Industrial partner engagement for successful EU Horizon 2020 funding bid on ‘ULTIMATE: Industry Water-Utility Symbiosis For A Smarter Water Society’.	Water utilities; Food; Circular Economy/Grant-writing	2019
University of Exeter - Business School	Preparation of EU funding bid (Marie Skłodowska-Curie Actions Innovative Training Networks (ITN)) for Exeter Living Economy Project on circular economy.	Various/Grant-writing	2018-2019
University of Exeter - Business School	Writing trade article ‘AD at the point of waste’ for <i>MRW Weekly</i> magazine.	Anaerobic digestion; Food; Waste	2018
Fishtek Marine Ltd	Led successful bid for Eurostars funding for €290k project trialling SharkGuard, a new device for avoiding elasmobranch bycatch in long-line fisheries. (<i>Eurostars is a joint programme between EUREKA and the European Commission, co-funded from</i>	Fisheries, Conservation, EU/Grant-writing	2018

	<i>the national budgets to support innovative projects led by R&D-performing SMEs)</i>		
University of Exeter - Business School	Proof-reading academic paper 'The emergence of formalized authority in community food provisioning' for the journal <i>Organization Studies</i> .	Food supply chains; Cooperatives	2018
University of Exeter - Business School	Drafting book chapter on history of UK energy policies.	Energy policy	2018
FEVE - European Container Glass Federation (with OH)	Follow up market research on glass packaging re-use schemes, e.g. deposit returns, around Europe.	Food & Drink; Packaging; Deposit Return Schemes;	2018
University of Exeter - Business School	Co-writing article for <i>The Conversation</i> : "What's behind the current wave of 'corporate activism'".	Business	2018
University of Exeter - Business School	Supporting a successful bid for £500,000 funding from Formas (a Swedish research agency) into circular economy and Food.	Food/Grant-writing	2018
Greenpeace Research Laboratory	Rapid research into data sources for UK retailer packaging use and waste.	Retail	2018
University of Exeter - Business School	Proof reading Sweden Circular economy and Spatial Planning research bid.	Planning/Grant-writing	2018
University of Exeter - Business School	Preparation of ESRC funding bid for new Exeter Centre for the Circular Economy.	Various/Grant-writing	2017-2018
University of Exeter - Business School	Proof-reading academic paper 'Processes of Prosocial Identity Co-Construction in Community-Based Enterprises' for the <i>Journal of Business Venturing and Organization Studies</i> .	Food	2017
University of Exeter - Business School	Drafting article for <i>The Conversation</i> on competing models of circular economy.	Various	2017
University of Exeter - Business School	Co-writing article for <i>European Financial Review</i> – "Green Utopia or Planetary Disaster".	Renewable Energy	2017
FEVE - European Container Glass Federation (with OH)	Market research on food and drink packaging re-use schemes, e.g. deposit returns, around Europe.	Food & Drink; Packaging; Deposit Return Schemes;	2017
University of Exeter - IIB	Market research for applications for new software which converts digital images to animal vision (follow on from work I conducted in 2016).	Academia, Museums, Agriculture, Charities, Conservation, ICT, Veterinary Science, Zoos, etc.	2017
University of Exeter - Business School	Preparation of proposal for BBSRC funding for research on agri-food system resilience.	Agriculture; Food & Drink; Academia/Grant-writing	2016-2017

The Academy of Business in Society & European Commission's Marie Skłodowska-Curie Initial Training Network (ITN) funding scheme	Improving the readability of case studies exploring Innovation for Sustainability.	Academia & various business sectors	2016
<i>Confidential</i> (with OH)	Research on market potential for offering industrial services related to heavy fuel oil (HFO) waste management.	Various including Shipping, Oil and Waste Management	2016
University of Exeter - Business School	Preparing strategy discussion paper on sustainability science for the Business School at the Penryn campus.	Academia	2016
University of Exeter - Business School	Preparing proposal for the book <i>Carbon Fetishism</i>	Academia	2016
University of Exeter - Business School	Adjusting rejected academic paper for resubmission.	Academia	2016
University of Exeter - Business School	Writing copy for the Circular Economy Cluster.	Academia	2016
University of Exeter - Business School	Drafting position paper on the circular economy.	Academia	2016
University of Exeter - Business School	Market research into undergraduate degrees in business, energy and geography	Academia	2016
University of Exeter - IIB	Collating evidence of business engagement to support a successful £4 million NERC bid for SWEEP (South West Partnership for Environment and Economic Prosperity).	Academia/Grant-writing	2016
Client Confidential (with Resource Futures)	Windscreen glass recycling technologies and market study.	Glass (EoL)	2016
University of Exeter - Business School	Organising meeting on the circular economy in SW food manufacturing sector.	Food & Drink	2016
WRAP (with QSA)	Research in textile retailer circular business models.	Textiles	2016
University of Exeter - Business School	Ghost-writing article for <i>The Conversation</i> website about the EU's green credentials.	Various	2016
University of Exeter - Business School	Ghost-writing article for <i>The Conversation</i> website on the sustainability impacts of copper mine in Chile.	Mining, Metals	2016
University of Exeter - IIB (Innovation, Impact and Business)	Market research for applications for new software which converts digital images to animal vision.	Academia, ICT, Veterinary Science, Zoos, Various	2016
WRAP (with QSA)	Research into care home use of textiles.	Textiles	2016
University of Exeter's Business School	Proof-reading academic papers.	Academia	2016

University of Exeter's Business School	Circular economy stakeholder event organisation and publicity.	Food & Drink; Farming	2016
Greenpeace Research Laboratory	Review of contradictory LCA results.	Various	2016
University of Exeter's Business School	Preparation of an EOI, then successful full proposal, for an £391,000 EPSRC Grant for research into the circular economy in the SW food manufacturing sector – with a focus on dairy and bakery processors.	Food & Drink/Grant-writing	2016
WRAP (with QSA)	Research into large domestic appliance re-use.	WEEE/ICT	2016
WRAP (with QSA)	Research into textile repair and re-use.	Textiles	2016
ICEDD (with OH)	Technological innovations for improving resource efficiency of food & beverage industry.	Food & Drink	2015-2016
QSA & IEMA	Preparation of presentation on business reuse models.	Various	2015-2016
Greenpeace Research Laboratory	Review of WBCSD guidelines for LCA of chemical products.	Chemicals	2015
WRAP (with QSA)	Market study for microwave oven re-use and repair.	WEEE/Food Service	2015
Augean plc (with OH)	South Wales and SW England market for industrial services.	Manufacturing (various including Food & Drink, Metals, Aerospace)	2015
WRAP (with QSA)	Market study for smartphone re-use and repair.	WEEE/ICT	2015
WRAP (with QSA)	Market study for large domestic appliance re-use in Eastern Europe.	WEEE	2015
Oakdene Hollins	Preparation of paper on Circular Economy & pitching to national and international media outlets.	Various, Communications	2015
Devon Local Nature Partnership	Preparation of leaflet on reconnecting people with nature.	Ecosystem services, Communications	2015
Devon Local Nature Partnership	Preparation of LNP annual review.	Ecosystem services, Communications	2015
Sener (with OH)	Markets for recyclates & residues for waste thermal treatment gasification plant.	Waste (commercial and industrial)	2015
Defra (with ICF)	Enhanced Inspection & Surveillance (Plant Health) Evaluation Design & Evaluation.	Plant Health	2015
EU JRC (with OH)	Drafting UK application manual for EU Ecolabel for footwear.	Textiles	2015
EU JRC (with OH)	Drafting UK application manual for EU Ecolabel for electronic displays.	Textiles	2015
Devon Local Nature Partnership	Revision of LNP website and preparation of case studies.	Ecosystem services, Communications	2015
EU JRC (with OH)	Revision of Green Public Procurement Criteria for Food and Catering Services.	Food & Drink (service); Public	2015

WRAP (with OH)	Guidance document on waste prevention in the NHS.	Health sector	2014-2015
Oakdene Hollins	Exploring new business opportunities.	Nanotechnology	2014
Defra (with Brook Lyndhurst)	Assessing impact of local action groups in tackling invasive species.	Ecology & Conservation	2014
EU JRC (with OH)	Best environmental management practice (BEMP) in food & drink manufacturing; ; engaging with experts and businesses in coffee, olive oil, soft drinks, beer, meat, fruit juice, cheese and bread, biscuits and cakes production.	Food & Drink (manufacture)	2014
Oakdene Hollins	Exploring new business opportunities.	Facilities Management	2014
EU JRC (with OH)	Drafting UK application manual for EU Ecolabel for textiles.	Textiles	2014
<i>Confidential</i>	Markets for rubber, foam & textiles from recycled sport shoes.	Textiles (EoL)	2014
DECC (with ICF GHK)	Rapid evidence review on household energy efficiency measures.	Energy & Construction	2014
University of Exeter – R&KT	Environmental and climate data services – business opportunities.	Various	2014
Augean (with OH)	Port services – business opportunities in the UK	Waste (shipping)	2014
BIS & BSI (with RGC)	Update of BSI Guide on WEEE Regulations.	WEEE	2014
Coca-Cola Enterprises (with University of Exeter’s School of Geography)	Impact report on research into household recycling behaviours.	Waste (municipal)	2014
DNV GL	Marketing materials for global food safety conference.	Food & Drink (manufacture, service, retail)	2014
WRAP (with OH)	Reducing Food Waste by Extending Product Life.	Food & Drink (manufacture, retail)	2014
RGC	Quality control of WEEE recycling audit reports	WEEE	2013-14
SFA (with Trucost)	White Paper on natural capital accounting in the apparel sector.	Clothing	2013-14
WRAP (with OH)	Food waste in the UK hospitality sector: volume, causes, prevention.	Food & Drink (service)	2012-13
Defra (with OH)	Lean thinking & resource efficiency in food and drink industry.	Food & Drink (manufacture, service, retail)	2011-2013
Oakdene Hollins	Exploring new business opportunities.	Cleaning, Chemicals, IT	2009-13
WRAP (with OH)	Retail supply chain waste – baseline review.	Retail	2012
Defra (with OH)	Environmental impacts of UK hospitality and food service.	Food & Drink (service), Tourism	2012
Surrey County Council (with OH)	Recovering critical raw materials from WEEE.	IT (EoL)/WEEE	2012

WRAP (with OH)	Critical raw materials in the UK.	IT (EoL)/WEEE	2012
ITRI (with OH)	Tin recovery.	Mining, IT (EoL)	2012
WRAP (with OH)	Branded workwear arisings.	Clothing (manufacture, distribution, retail, EoL)	2011-2012
WRAP (with OH)	WEEE repair.	WEEE	2011-2012
WRAP (with OH)	Furniture mass and product flow mapping.	Furniture (manufacture, retail, EoL)	2011-2012
Zero Waste Scotland (with OH)	Recyclates quality threshold scoping study.	EoL	2011-2012
Defra (with OH)	Business Waste Prevention.	Various EoL	2010-2012
SITA-Suez (with OH)	NFFO Contract Termination for a landfill site.	Waste (municipal), Energy	2011
WRAP (with OH)	Production-ready packaging.	Food & Drink (manufacture)	2011
Oakdene Hollins (with OH)	Preparation of company newsletter.	Various	2008-2011
BSI/WRAP (with OH)	Wood waste PAS 111 – research and authorship.	Wood EoL, Energy, Manufacture,	2009-2010
WRAP (with OH)	MRFs - guidance document for testing quality.	Waste (municipal)	2009-2010
WRAP (with OH)	Development of online tool for assessing waste weight by volume.	Construction & Demolition (EoL)	2009-2010
WRAP (with OH)	Construction & Demolition MRFs – good practice guidance.	Construction & Demolition (EoL)	2008-2010
WRAP (with OH)	MRFs – case studies of best practice.	Waste (municipal)	2008-2010
CRR (with OH)	Refillable packaging.	Food & Drink	2009
<i>Confidential</i>	Gas oil recycling.	Oil	2009
WRAP (with OH)	MRFs - new markets for waste materials.	Waste (municipal)	2009
WRAP (with OH)	Bulk wine imports – CO ₂ impacts.	Food & Drink	2008-2009
<i>Confidential</i>	Anaerobic digestion plant – market research.	Food & Drink, Waste (municipal), Energy,	2008
RE-KTN (with OH)	Material security.	Mining, metals	2008
Cambridge Enterprise (with OH)	Lead acid battery recycling.	Mining, metals	2008
WRAP (with OH)	Shadow glass index.	Glass manufacture, energy, glass EoL	2008
Western Australia Government (with OH)	Used oil recycling.	Oil	2008
<i>Confidential</i>	Waste wood biomass plant – market research.	Wood, Waste (municipal), Energy,	2008
<i>Confidential</i>	Anaerobic digestion plant – market research.	Food & Drink, Waste (municipal), Energy,	2008
WRAP (with OH)	Carbon impact of exporting recyclates to China.	Shipping, Waste (municipal)	2007-2008

CRR (with OH)	Public Relations campaign.	Various EoL	2007-2008
Marks & Spencer (with OH)	Waste review.	Retail (EOL)	2007

Abbreviations:

- AHRC - Arts and Humanities Research Council
- BIS – Dept of Business, Innovation and Skills (UK)
- BSI – British Standards Institution
- CCRI - Countryside and Community Research Institute
- CRR – Centre for Remanufacturing and Reuse (UK)
- DECC – Dept for Energy and Climate Change (UK)
- Defra – Dept for the Environment, Food & Rural Affairs (UK)
- EOI – Expression of Interest
- EoL – end-of-life management of materials, components and/or products
- EPR – extended producer responsibility
- EPSRC - Engineering and Physical Sciences Research Council (UK)
- ESRC - Economic and Social Research Council
- HoReCa - hotels, restaurants, cafés (industry sector)
- HMRC - Her Majesty’s Revenue and Customs (UK)
- ICEDD – Institut de Conseil et d'Etudes en Développement Durable (Belgium)
- IEMA - Institute of Environmental Management & Assessment (UK)
- IIB - Innovation, Impact and Business (a division of the University of Exeter)
- INDEX – Initiative in the Digital Economy at Exeter
- ITRI - International Tin Research Institute
- JRC – Joint Research Council (EU)
- MRF – material recovery facility
- NFFO - Non-Fossil Fuel Obligation
- NHS – National Health Service (UK)
- OH – Oakdene Hollins (UK)
- PAS – Publicly Available Specification
- QSA – QSA Partners (UK)
- REF – Research Excellence Framework (for Universities)
- RE-KTN – Resource Efficiency – Knowledge Transfer Network (UK)
- RGC – Really Green Credentials (UK)
- R&KT - Research & Knowledge Transfer (University of Exeter, UK)
- SFA – Sustainable Fashion Academy (Sweden)
- WBCSD – World Business Council for Sustainable Development
- WEEE – waste electrical & electronic equipment
- WRAP – Waste & Resources Action Programme (UK)

Skills & knowledge used:

- Carbon foot printing, number-crunching, spread sheets etc.
- Distilling key messages
- Drafting BSI standards
- Identifying, engagement and interviewing stakeholders
- Literature search and analysis
- Photography for case studies
- Policy evaluation

- Project management
- Researching and writing tenders for funding bids, writing technical reports, case studies and press releases
- Seeking business opportunities
- Site visits and assessment
- Understanding and communicating academic theory (e.g. Lean thinking)
- Understanding and communicating policy and legislation
